Conference Day 1 - 20 February 2013

8.30 a.m.  Registration and Coffee

10.00 a.m.  Welcome Address and Key Notes

   Key note speech
   Olaf Scholz, First Mayor of the Free and Hanseatic City of Hamburg
   “Offshore Wind – Prospects and Challenges for Cost Reduction”
   R.V. Ahilan, President of GL Garrad Hassan

Topic 1: Project Development in Germany –
10.30 a.m. Have we reached industrial installation concepts?
   Chaired by Peter Frohboese (GL Garrad Hassan)
   "Experience during the construction phase of Borkum Riffgat”
   Wilfried Hube, EWE
   "Status quo project EnBW Baltic 2”
   Udo Christiansen, EnBW
   "Wikinger – German consenting process a UK view”
   Rafael Vara Plazas, Iberdrola
   Arkona Becken Südost/ Amrum Bank (presentation title tbc)
   Holger Matthiesen, E.ON Climate & Renewables
   "Borkum West II – Planning and reality in offshore wind”
   Jürgen Ruge, GL Noble Denton
   Discussion

12.30 p.m. Lunch break and networking

Topic 2: Market & Regulations – Panel Discussion
1.30 p.m. Chaired by Dirk Briese (Trend Research)
   "Wish and reality in the offshore wind energy: Market development and current challenges”
   Introductory speech by Dirk Briese, Trend Research
   Dr. Gernot Blanke, wpd
   Wilfried Breuer, TenneT
   Norbert Giese, REpower Systems
   Jan Rispens, Renewable Energy Hamburg Cluster
   Manfred Zeiler, Federal Maritime and Hydrographic Agency
   Discussion

3.00 p.m. Participants poll, coffee break and networking
Conference Programme

Conference Day 1 - 20 February 2013

Topic 3: Finance, Banks & Investors
3.30 p.m. Chairled by Dr. Helmut Klug (GL Garrad Hassan)

"Offshore wind – financing: between wish and reality"
Branko Cepuran, European Investment Bank

"Lessons learnt from German Offshore projects from a lenders perspective"
Mirko Sedlacek, KfW IPEX-Bank

"A lender’s view on the bankability of offshore wind projects and recent developments in the market" – Michael Suppan, Deutsche Bank

"The way forward – a cash study on the Butendiek project"
Brad McAboy, UniCredit / Martin Heppe, wpd

"SWM Renewable Energies expansion campaign—financing strategies for offshore wind projects"
Dr. Thomas Meerpohl, Stadtwerke München

Discussion

7.00 p.m. Networking dinner event
Conference dinner speech: Pekka Paasivaara (Germanischer Lloyd)
Hamburg Offshore Wind Conference 2012
Conference Programme

Conference Day 2 - 21 February 2013

8.30 a.m.  Registration and Coffee

Topic 1:  Offshore Installation Risks
9.30 a.m.  Chaired by Tobias Rosenbaum (GL Noble Denton)

"Success factors in offshore installation campaigns"
Introductory speech by Tobias Rosenbaum (GL Noble Denton)

"Execution of maritime operations in offshore wind construction"
Claus Christensen, DONG Energy

"What industrial standards could do to minimize risk and cost in the offshore wind farm industry?"
Hans Schneider, A2SEA

"HOCHTIEF: Success factors in offshore tripod foundation installation"
Lutz Siemers, HOCHTIEF Solutions

"Noise control measures during the construction of offshore wind farms – overview of different technologies"
Dr. Michael Bellmann, itap – institute for technical and applied physics

"Insurance protection of weather risks in offshore wind projects"
Dr. Mathias Hoermann, Munich RE

Discussion

11.30 p.m.  Lunch break and networking

Topic 2:  Latest Developments in Offshore Turbine Technology
12.45 p.m.  Chaired by Mike Woebbecking (GL Renewables Certification)

"Outlook: future prospects of offshore turbine design"  – Jan Giese, aerodyn

Presentation title tbc – Jean Huby, AREVA

Presentation title tbc – José Antonio Malumbres, Gamesa Eólica

Presentation title tbc – Misaaki Shibata, Mitsubishi Power Systems Europe

"Optimum drive train topologies for large offshore wind turbines"
Ed Norton, GL Garrad Hassan

Discussion

2.45 p.m.  Coffee break and networking
Hamburg Offshore Wind Conference 2012
Conference Programme

Conference Day 2 - 21 February 2013

Topic 3: Trends in operation and logistics
3.15 p.m. Chaired by Hans Guenther Albers (Germanischer Lloyd)

"Regulations for vessels in offshore wind"
Introductory speech by Jan Schreiber, Germanischer Lloyd

Presentation title tbc
Olav Kjetil Opheim, Fjellstrand

"Reduction of logistics costs through industry-specific engineering"
Carsten Rogge, BLG Logistics Solutions

"Operational project Bard Offshore I"
Carsten König, BARD Offshore

"Logistic trends in the German Bight"
Wilhelm Heckmann, GL Garrad Hassan

Discussion and networking

5.00 p.m. Closing
Dr. Helmut Klug (GL Garrad Hassan)
